RE: South Home Ave Storm Sewer Improvements

Dear Resident,

Avalon Borough has contracted Jet Jack Inc. to work on your road. This consists of the following:

- Excavation/installation of new storm sewer line
- Inlet and Manhole Installation
- Replacing any excavated areas/roadway/sidewalk that is disturbed during construction.

The work may commence as soon as **Monday August 26th at 7:00 am**. Working hours will occur from 7:00 am to 5:00 pm Monday through Friday. During this project, you will see/hear heavy equipment and heavy truck traffic. **No Parking will be posted prior to start of work. Please obey the signs, or the police will be called to assist moving cars. If the owners can not be reached, the cars may be towed at the owners expense. The road will be closed for work, but we will accommodate homeowners getting in/out. There will be instances where the concrete may be wet, so vehicles will not be allowed in or out of their driveways. We will work with all homeowners whose driveways we impact.**

We understand that this is a short-term inconvenience and hope to work together with you in a professional and amicable manner for the long-term improvement of your neighborhood. Thank you in advance for your patience and cooperation during the project.

Sincerely,

Jet Jack Inc.
